The elevator company has split into two divisions and renamed themselves and we were lost in the change. They will now be here in February.

**Highway Commissioner's Report** ~ Four of the five speed limit signs are up and running (two on Spring Creek, one on Olson, and one on Shaw). The County has two of their ten done (both on Caledonia by Orth). We have been working with the County on the installations and using our man lift. The signs all

have computer memory. The Sheriff's department can use the gathered information to possibly increase patrols in the areas that are a problem. The sign company has said they will honor the price of the signs that were bought with grant money, if we would like to buy more. Also, we have been cutting brush.
